PROFILE

Freelance Developer & Desk Helper with a passion for technology and perfection in every project, no matter its scale. Strong leadership in team settings, capable of problem-solving under pressure, and dedicated to achieving both personal and team goals.

WORK EXPERIENCE

English Teacher Replacement

High School Guillermo Ordoñez Gómez| Feb 2018 – Nov 2018 | Santa Elena, Ecuador

Public school that offers education to middle and high school students in three different schedules.

- Conducted assessments to evaluate student progress, resulting in a 30% increase in overall class performance.
- Developed and implemented lesson plans that improved student engagement by 50%.
- Assisted in grading assignments and providing feedback to 200 students, fostering a supportive learning environment.

Contact: Lourdes Reyes Bermeo - +593 99 572 0246

Freelance Developer

Diana M. | Feb 2022 – Present | Santa Elena, Ecuador

- Designed, programmed, and maintained web and mobile applications.
- Integrated APIs and optimized code for better performance.
- Managed entire projects from requirements to delivery, ensuring client satisfaction and adherence to deadlines.

Accounting and IT Support Assistant (part-time)

Cabani S.A. | Sept 2024 - Present

Cabani S.A. operates shrimp hatcheries (shrimp farms) and shrimp larvae hatcheries (shrimp larvae laboratories).

- Review and registration of shrimp farm folios, ensuring that the information is accurate and up to date.
- Verification that all receipts related to income and expenses are correctly filed and recorded in the database.

- Cleaning and basic maintenance of computer equipment to ensure its optimal operation.

Contact: Aldo Yagual - +593 99 769 2539

Tournament Administrator and Support (Part-time)

Nebula Esports | Aug 2024 – Present

- Organized esports tournaments, managed registration records using Excel, and directed matches.
- Provided customer support and resolved tickets to ensure a positive experience.
- Communicated effectively with competitors for event coordination.

Contact: Hugo Adán Vásquez - +52 1 55 4674 8544

PERSONAL PROJECTS

Full-time Missionary, The Church of Jesus Christ of Latter-day Saints (Mexico)

May 2018 – Nov 2019

- **Served communities** in various regions, providing spiritual support and community service.
- **Developed strong communication and leadership skills** by working with diverse groups of people.
- **Organized and led activities** to support local congregations and foster community engagement.

English Course Free

Aug 2021 – Sept 2023

- Taught over 50 low-income students, achieving an 80% improvement in their language comprehension.
- Delivered virtual English classes, connecting with students from different countries to improve their skills.

ACHIEVEMENTS

HOK Tournament Kingdom Series Latam (Nebula Esports)

Aug 2024 – Sept 2024

Managed an official Honor of Kings mobile game tournament for Latin America with nearly 400 participants, overseeing registration, results tracking, refereeing, and player communication, ensuring a seamless and professional experience.

PYTHON INSTITUTE

OpenEDG Python Institute Authorized Academy Program

OPENEDG

Statement of Achievement

PCAP: Programming Essentials in Python

The graduate of the *PCAP: Programming Essentials in Python* course, provided by **Cisco Networking Academy®** in collaboration with **OpenEDG Python Institute**:

- knows the universal concepts of computer programming, including variables, data structures, algorithms, control flow, functions, and exceptions;
- can proficiently use the developer tools, the runtime environment, and the syntax and semantics of the Python language;
- can use fundamental programming techniques, best practices, customs, and vocabulary, including the most common standard library functions in Python 3;
- can write Python programs using standard language infrastructure, and knows the means by which to resolve typical implementation problems;
- knows how to work with modules and packages, process text and binary files, and use generators, iterators, and closures;
- understands the fundamentals of object-oriented programming (OOP) and the way they are adopted in Python.
